

400,000 MEN MAY JOIN GREAT STRIKE OF UNION TAILORS

Garment Workers, United Hebrew Trades and Cutters May Walk Out.

CONCILIATION SOUGHT.

Mayor Attempts to Prevent Great Tie-Up in the Needle Industry.

While leaders of the Amalgamated Clothing Workers' Union were preparing to-day to call out 70,000 men's garment workers to join the 10,000 union tailors who struck yesterday Mayor Mitchell's Committee on Conciliation, appointed to arbitrate differences between the International Ladies' Garment Workers' Union and the manufacturers, met in the City Hall.

Little hope that a strike of all the men's garment workers would be averted was held out by the officials of the Amalgamated Clothing Workers' Union to-day. No offer to arbitrate the differences came to the striking tailors who walked out of 400 shops yesterday. It was declared by Mayor Schoenfeld, labor adjutant for the American Clothing Manufacturers' Association, that the manufacturers had no proposition to offer.

Fear that the strike will spread to the United Hebrew Trades, with a membership of 300,000, was expressed by the union leaders, who also declared that garment workers in other cities would join in the movement to bring about a general increase in wages and a standardization of working arrangements.

70,000 VEST MAKERS MAY JOIN IN GREAT STRIKE.

Future action on the part of the 70,000 vest makers, coat makers, cutters and children's garment workers will depend upon mass meetings to be held to-morrow in various halls on

the east side and in the Brownsville section of Brooklyn.

At these meetings representatives of the striking tailors will urge a strike. They will point out that in the two years past reductions of from 25 to 45 per cent. in wages have been forced upon the workers in spite of the increased cost of living.

Meetings of the tailors held to-day were unusually decorous. The crowd of strikers who gathered in front of the Manhattan Lyceum at No. 66 Fourth Street was so large that an additional hall at No. 64 Fourth Street was secured and into this the strikers poured.

Peace between the ladies' garment workers and the manufacturers is guaranteed for at least a month by the appointment of the Mayor's Conciliation Committee. When the unions and employees agreed to submit their differences to this body it was stipulated that the arbitrators must reach a decision within two weeks after the hearings end.

MAYOR URGES COMMITTEE TO ACT QUICKLY.

The urgency of quick action was impressed upon the members of the committee and the fifty-five union representatives by Mayor Mitchell to-day.

Attorney Morris Hilquit, who represents the workers, asked that all of the hearings be held in the open, and the Mayor gave the committee the use of the Aldermanic council rooms. Immediately after this the six members met in executive session to organize.

Dr. Felix Adler was selected Chairman of the Committee and Dr. George W. Kirchwey of Columbia College Law School Secretary. The other members are Louis Brandeis, the Boston attorney; City Chamberlain Henry Bruere, ex-Judge Walter C. Noyes of the United States Circuit Court of Appeals and Charles E. Bernheimer, President of the Chamber of Commerce.

The committee will hold its first hearing to-morrow morning in the Aldermanic Council Rooms in the City Hall.

At the executive session Mayor Mitchell said that he expected the committee to go fully into the differences threatening the needle industry and then to report their conclusions to him.

NOT INVITED INTO CONCILIATION OF COMMITTEE.

In connection with the Conciliation Committee's work it developed to-day that neither the manufacturers of men's and children's garments nor the Amalgamated Clothing Workers' Union had been invited to submit their differences to the committee.

The differences between the International Ladies' Garment Workers' Union and the manufacturers, met in the City Hall.

NEW YORK AVIATOR TO WHOM ITALY HAS AWARDED GOLD MEDAL

J. L. CALLAN

MILAN, Italy, July 13.—John Lansing Callan, a representative of the Curtiss Aeroplane Company and brother of former Assemblyman Albert S. Callan, author of the Callan Automobile Law, has been awarded a gold medal by the Italian Government. He will start for New York on Tuesday.

Mr. Callan was sent to the Azores a year ago to establish a supply station for the great flying boat America, which was to attempt a transatlantic flight with an Englishman, Lieut. John C. Porte, R. N., as pilot. The enterprise was financed by Rodman Wanamaker.

The Italian Government honored Mr. Callan because he has done excellent work at the Naval Flying School at Taranto, where he instructed the Italian naval officers in flying.

Union and their employers and the men's garment workers and their employers are substantially the same.

A member of the Conciliation Committee, when asked why the Amalgamated Clothing Workers were not invited to participate, said that as he understood the situation, the two bodies were entirely different. He admitted that the differences were substantially the same, but he added, "he did not know why the Amalgamated Garment Workers were not invited."

NEW COURT HOUSE TO BE BUILT, BUT AT REDUCED COST

Injunction Proceedings to Restrict Action Does Not Halt City Officials' Plans.

SITE REGARDED SAFE.

Revised Plan Contemplates Expenditure of \$6,000,000 Instead of \$10,000,000.

Despite the injunction proceedings begun yesterday to restrain the new Court-House Board from proceeding with its plans for a new Court-House, it was announced to-day that the Court House site and Civic Center will not be abandoned. The cost will be reduced from \$10,000,000 to \$6,000,000 or less and the site made smaller, so that the city may later sell some of the property.

The announcement was made following a meeting of Mayor Mitchell, Comptroller Prendergast, President McAnany of the Board of Aldermen and President Pounds of Brooklyn Borough, representing the Board of Estimate, with the representatives of the Advisory Council of real estate interests in the new Court House project. The representatives of the latter body were Charles A. Peabody, President of the Mutual Life Insurance Company; Alfred E. Larling, President of Horace S. Ely & Co.; Clarence H. Kelsey, President of the Title Guar-

antee and Trust Company; Cyrus M. Miller, Chairman of the Executive Committee of the Advisory Council; William E. De Bost of the Real Estate Board and Frederick L. Ecker of the Metropolitan Life Insurance Company. After the meeting President McAnany said: "We are substantially agreed that the Court House site shall not be abandoned; that we shall proceed with the construction of a Court House in a modified form as to cost, and we are satisfied that the borings are sound and able to sustain the load."

"We are advised through the Court House Board by Daniel F. Moran, a consulting engineer and a competent authority on the subject that there is no reason to apprehend any unusual condition at the site of the proposed Court House and that the material on which the buildings will rest will be amply capable of supporting many

times the load due to the building." At the outset Mr. Kelsey of the Title Guarantee and Trust Company was in favor of abandoning the site and turning the site into a park. He suggested building the new Court House in City Hall Park and giving a new part for the old. Before the meeting adjourned Mr. Kelsey was won over, agreeing with his colleagues to proceed with the building on the site selected.

While the conference was unofficial it was attended by four members of the Board of Estimate who have between them practically a majority of the votes in that board. A report favoring the Court House project will be presented to the Board of Estimate at its meeting on July 29. The members of the conference and of the Board of Estimate do not take seriously the plan of Stewart Browne to halt the undertaking by injunction proceedings brought in the Supreme Court. They are proceeding just as if Mr. Browne had not applied for the restraining order.

Centemeri Gloves SPECIAL

Long and Short Silk Gloves
2 Clasp and 12 and 16 Button Lengths,
